Doelstelling:

De Stichting vormt een werkgemeenschap voor evangelisatie en sociaal-maatschappelijke activiteiten, die ten dienste staan van het koninkrijk van God. Vanuit de Christelijke grondslag en identiteit verricht de stichting activiteiten en werkzaamheden ten behoeve van jongeren, ongeacht hun geloof, geslacht, ras, kleur, opleiding of anderszins.

This is derived from the YfCI International mission:

As part of the body of Christ, to see every young person in every people group and in every nation have the opportunity to make an informed decision to be a follower of Jesus Christ and become a part of a local church.

Beleidsplan:

In 2014 the leadership of YfC EMENA, which in the past was based in Northern Ireland, is taken over by E.M. de Kam, former President of Youth for Christ the Netherlands.

The Policy for YfC EMENA is created by the leadership team in 2014 for: 2015 – 2018.

Within the context of the mission of Youth for Christ International, YfC EMENA seeks to develop, connect, inspire, encourage, equip, train and coach participating and new YfC Nations in the Area of evangelism and social involvement.

In Europe, over the last five to six years, the word 'crises' has been applied most frequently to the economic situation. However, Europe faces crises on many different levels. There is an economic crises, but also a political, social, environmental and religious crises. Only a multi-dimensional approach can do justice to the complex situation. There's pressure from within Nations, extremist parties and regions. There's a lot of migration and in the EU we expect less young people in future. As youth for Christ EMENA we want to transform society by transform young people in adults who take responsibility.

New Strategy:

We want to build ONE YfC EMENA as part of ONE YfCI

1. Sustainability

YfC has been pioneering a lot in the past decade. In the next decade we need to focus too on making the work sustainable to reach more kids in these countries. We need to pick our targets carefully according to the real opportunities that present themselves and thorough analysis and invest in programs that will create sustainable ministry capable of initiating in other Regions.

2. Building Bridges between YfC nations

YfC has a lot of good ministry models and experience in youth ministry with good leadership and youth workers, in the different Nations. We need to use this more as a blessing to each other. Young Leaders can fire each other by knowing each other.

There's a focus in the Gospel on the poor and oppressed. We want to look further than our national horizon, be concerned with suffering elsewhere, and encourage collaboration with other nations. We need to use our time and means wisely to help our brothers and sisters who have to deal with C@Risk as in Eastern Europe or who are prosecuted and working in more offensive situations like MENA. There's a lot of political instability and opposition to the Gospel. Building Bridges means priority for EE and MENA. It's not the case that nations don't want to help each other. But the other needs to have 'a face'. When our people have met the needs and have seen it with our own eyes we are more willing to help each other.

- a. Creating Networks where people can share experience and development of ministry models.
- b. Using the existing models/activities in building bridges and empower a growing exchange between our nations.

3. Communication

We will broaden the vision of our staff and encourage them, by communicating about the things the Lord is doing in our Area and in YfC worldwide. We will strengthen a ONE YfC by building a community. Communication between the nations can be improved also by using social media (website; facebook, Instagram, twitter, blog's) and others.

Summary

We want to build ONE YfC EMENA as part of ONE YfCI. To achieve these in an Area which polarises through nationalism and tensions between religions, we will focus on sustainability, building bridges and communication. But to do this, prayer and expecting Gods Kingdom work are vital in these. Also a good Area Leadership Team and budgets are necessary to work on.

May the Lord use this plan in focussing our work to reach as much kids as possible for Jesus.
